School Report.

SCHOOL DISTRICT OFFICERS.

Moderator, Thomas E. Hunt.

District clerk, Mrs. Ethel N. Jewett.

School board, Rosa M. Sanders, Perry E. Hunt, Sarah E. Small.

Treasurer, Herbert A. Jones.

Auditors, Charles P. Hunt, Addie L. Eaton.

To the citizens of the town of Gilford, the school board respectfully submit their annual report. The truant officer has enrolled 115 scholars in the September enumeration. The number of schools supported the past year has been eight of twenty-four weeks each, also a winter term for the more advanced scholars.

Although the length of our schools, the past year, has been an improvement on previous years, we claim there is still a chance to improve in this line. The matter of a few hundred dollars means very little to each tax payer, yet the benefit our children will derive from it, each year, can not well be estimated. Our boys and girls are entitled to the best we can afford to give them. We admit economy in the management of our town is of great importance, but it should not be extended to any way impede the training of our town's future men and women, for in no better manner can money be expended, where it will bring forth such lasting results on the future welfare of our community.

The *present* allowance for school purposes unables us to compete in a successful way with adjoining towns, whose school year consists of from twenty-five to thirty-five weeks of school. And for this reason we are forced to lose many of our experienced teachers, as they naturally seek positions where higher salaries are paid, also longer terms of school furnished them. In *earnest* we ask you to consider this matter *conscientiously*. Glancing backward over the school work for the past year, we can truly say

that earnest, faithful work has been done by the larger number of our teachers and pupils. In the year to come, we urge parents and citizens to manifest a lively interest in this great work, for only when parents, teachers and pupils work in unison can the best results be obtained. Teach the children at home what they are striving for, it only means a small effort on your part, and the lesson will be lasting to them. Let them know you are working with their teacher for their good, and it will *double* their aim to obtain book knowledge.

We have introduced new readers, the past year, hoping to obtain improvement in this important study. Many much needed general repairs have been attended to, also a new shed has been built in district No. 2 and the one in No. 5 has been thoroughly repaired.

The school house in No. 2 needs repairing badly, also the one in No. 6. In each case an appropriation will be necessary.
